

## Laser-active polymer optical fibres (LaPOF) Sub-project C: BINNOPTA

<b>Project management:</b>	Prof. Dr. Tobias Frenzel
<b>Summary:</b>	Supporting innovation management, to optimise the adoption potential of laser-active polymer optical fibres in the economy of the region (BINNOPTA)
<b>Funding:</b>	State-level funding European Regional Development Fund
<b>Duration:</b>	2016 – 2019
<b>Funding amount:</b>	254.251 €
<b>Organisational unit:</b>	Faculty of Mechanical Engineering
<b>Research areas:</b>	Vehicle Construction, Polymers and Materials Science
